Scholarship Criteria

Dear Stakeholders,

We all are striving in the direction of our mission to add value to humanity by nurturing the individuality, celebrating the uniqueness and igniting the passion in our Euroites. To grow and nourish more, together as a family, we have included some new policies for the coming session 2026-27. We are delighted to introduce some rewards for you.

How it works:

Entrance Exam Scholarship	> Grade A+ Concession on Tuition Fee – 5%
Sports Achievers Concession	> National Gold Medal – 5%
Olympiad Achievers Concession	> Zonal Rank (under 20) – 5% and Gold Medal – 3%
Coding Achievers Concession	> International Gold Medal – 5%

For grade XI students, the scholarship will be determined based on the average of the first five subjects.

Board % Based Category	Scholarship in Tuition Fee
For 98% to 100% scores	50% Concession on Tuition Fee
For 95 % to 98% scores	30% Concession on Tuition Fee
For 91 % to 95% scores	20% Concession on Tuition Fee
For 85 % to 91% scores	10% Concession on Tuition Fee

- Scholarship will be applicable for one year only.
- In case of two scholarships, only one scholarship will be applicable.
- Scholarships are awarded assuming that the students availing the scholarships will bring laurels to the school. Hence any scholarship offered in grade XI will be applicable only if the student continues grade XII in Euro. If the student withdraws admission at the end of grade XI, any scholarship given in that grade will be null and void.
